- On 1 March 2022, the ITTF Executive Committee decided that no Russian or Belarusian players and officials are currently allowed in ITTF events, in line with the recommendations formulated by the IOC Executive Board. The ITTF created a Task Force to monitor the situation, coordinate efforts to allow Ukrainian players to continue participating in international events, and evaluate previous decisions and future developments. Should the ban perdure until after the start of the 2022 ITTF World Table Tennis Championships Finals, the respective men's and women's teams will be replaced by the next eligible reserve teams.
